9-Foot Cinzano Logo Beach and Patio Umbrella - Fiberglass Ribs \$229.99

9-Foot Cinzano Logo Beach and Patio Umbrella with windvent. Alternating red / blue olefin cover with Cinzano printing on 8 valences. Eucalyptus hardwood pole and fiberglass ribs make this idea for windy areas. This umbrella has no tilt.

1 wind vent, a pulley to open, and 15" valences.

- 105 Inches High
- 9-Foot Canopy
- Wind Resistant Fiberglass Ribs
- Eucalyptus hardwood frame
- Total length: 105". Length from ground to bottom of valence: 76".

**UMBRELLA OFFSET 8'x8' TAUPE W/LED \$955.40**

Wanda Technology is the world leading manufacturer of patio umbrellas with innovative designs and international patents. The Sorrento Pro Umbrella has lights built directly into the frame. There is a moonlight attached to the center hub along with Starlights built directly into each of the 8 canopy ribs. It also has a convenient on/off switch built into the back of the frame. Its transformer allows for the lighting system to operate on low voltage. This umbrella offers you the advantage of placing your patio furniture where you like or using it poolside without having to work around a center pole. Combined with the 360° rotating and tilting umbrella canopy, you can easily target precious shade all day. Color choices: Taupe, Green, or Beige
